Caroline Williams

UX/UI Designer with a background in print and digital design, which has given me a unique perspective on visual design and was the beginning of subconsciously always doing user centered design. Experience working on software business solutions in a fast-paced environment with monthly releases.

EXPERIENCE

Konica Minolta Business Solutions USA, Inc. | Windsor, CT | March 2022 - present
Solutions Engineering Center provides software services to complement Konica Minolta MFPs.

UI/USABILITY DESIGNER II

- Create designs for new software features and requests using research, user interviews, affinity maps, personas, empathy maps, user journeys, wireframing, prototyping, usability testing and hand-off to developers.
- Present design ideas and share information with stakeholders.
- Collaborate with QA team, developers, other designers, technical writers, and product manager in a very fast paced environment releasing new software features monthly.

RCC Digital, LLC | Hamden, CT

Advertising agency specializing in user centered website design and digital marketing.

UX/UI DESIGNER | December 2019 – March 2022

- Create and redesign new websites and apps using qualitative and quantitative data, design thinking methods and user testing to provide better usability for the user.
- Effectively present design ideas to clients and share information with stakeholders.
- Handoff designs to developers using Adobe XD or Figma.

CREATIVE DIRECTOR | November 2016 – December 2019

- Create and present to clients a strategy to have a presence online with branding, print material, social media, and responsive website.
- SEO content and A/B testing on landing pages for websites to rank higher on Google.
- Implemented quarterly and monthly website maintenance plans that increased revenues 15%.

Technell, Inc. | Stamford, CT | August 1991 - May 2001

Advertising agency promoting technical and industrial products via print, online, and direct mail.

ART DIRECTOR

- Directly handled Technell's largest client, Entelec in the Latin American market.
- Translated copy from English to Spanish for clients, saving the agency in translation fees.
- Oversaw all visual communication for print campaigns, especially large trade show items.

D'Agostino Design | Stamford, CT | Art Director | August 1988 - November 2016

Promotional and direct marketing advertising agency for small business owners.

ART DIRECTOR

- Presented strategic plans to clients to meet their advertising goals and kept to deadline and budget presented to clients.
- Brand and design lead on all print advertising including branding, catalogs, sales promotions, direct response and web design. Delegated work to other designers on high volume projects.

Shafton, Friel & Gordon | Stamford, CT | Graphic Designer | June 1985 - August 1988

Promotional and direct marketing advertising agency for B2C and B2B oriented corporations.

GRAPHIC DESIGNER

- Created designs for print advertising, sales promotion, catalogs, and direct response.
- Increased revenues by providing services to businesses in the Spanish speaking community.
- Produced all artwork on time for fast pace national advertising and direct mail campaigns, including The Computer Factory with 72 outlets nationwide.

EDUCATION

Fashion Institute of Technology | New York, NY

UX Design Certificate Program at FIT | 2019

Southern Connecticut State University | New Haven, CT

Bachelor of Science in Graphic Design | 1985

Norwalk Community College | Norwalk, CT

Associate of Science in Business Administration | 1982
